

MISSION 02 / MEDIA

SHOW US YOUR CREATIVITY

The Media Team works on Instagram posts, reels, stories, and other visual content for Team VITAKSH.

YOUR TASK

Choose one of the two options below and create a short introduction that shows who you are. Keep it simple, original, and visually interesting. It should feel like your own work, not a resume.

OPTION A

Canva Design

Create a single page Instagram post introducing yourself. It should not look like a resume. Use the design to show your personality, interests, hobbies, skills, and anything else that represents you.

Format	Instagram portrait, 1080 x 1350 px
Length	1 page
Platform	Canva

OPTION B

Create a 15 to 30 second Instagram reel introducing yourself. The idea and style are up to you. It can be funny, cinematic, aesthetic, fast paced, story based, meme style, or any other style that represents you.

REQUIREMENT	DETAIL
Format	Vertical 9:16
Duration	15 to 30 seconds
Concept	A clear idea or concept

WHAT WE ARE ACTUALLY LOOKING FOR

You do not need professional level editing or design skills. We want to see how you communicate an idea and how you use visual content.

We are looking for creativity, originality, visual sense, clear communication, attention to detail, understanding of Instagram content, and a willingness to experiment and learn.

TIME

Keep it simple

Do not spend hours trying to make it perfect. Your idea matters more than fancy effects or templates.

THE IMPORTANT PART

Show us what you can create

There is no correct format or style. Choose the option you are more comfortable with: Canva Design or Reel.

Do not make something only because you think VITAKSH expects it. Show us what you can create.

CHECK BEFORE SUBMITTING

Choose one option.

Make sure the idea is clear.

Use your own content and design choices.

Follow the required format and submission details.

Keep the work within the suggested time.
